More pictures of Isaac can be found on flickr [here](#). Other updates about him can be found [here](#) .

Cyndi and Isaac were released from the hospital on Saturday. Sorry, we don't really have anything new to post yet; however, while we were in the hospital, Lydia was such a big girl. She wanted to help out by holding Isaac. That has continued even after we got back to the apartment.

Please note, I could only post this in one category at a time. If you want to read the latest about Isaac, follow the links above.
